## Clarksville and Nashville Railroad.

Trains leave Clarksville as follows:

Train	Time	Destination
No. 1, Fast Mail, daily	8:15 P. M.	Nashville
No. 2, Fast Mail, daily	8:20 A. M.	Clarksville
No. 3, Fast Mail, daily	8:25 A. M.	Clarksville
No. 4, Fast Mail, daily	11:20 P. M.	Nashville

Trains arrive at Clarksville as follows:

Train	Time	From
No. 1, Fast Mail, daily	8:15 P. M.	Nashville
No. 2, Fast Mail, daily	8:20 A. M.	Clarksville
No. 3, Fast Mail, daily	8:25 A. M.	Clarksville
No. 4, Fast Mail, daily	11:20 P. M.	Nashville

Remember Hendricks china store.

The ten-pin alley at the cave has been moved from the mouth of the cave to the valley below.

The recent dry weather was an advantage to the tobacco, but it begins to tell on the corn crop.

If you want to get cool, go to the cave and Idaho Springs and spend a day, week or month.

Rev. J. N. Presbidge of Hopkinsville, will preach in the Baptist Church Sunday. Rev. D. Sears will preach in Hopkinsville the same day.

Dunbar's cave and Idaho Springs have been quite a resort for Clarksville people during the hot weather of the past week.

We understand that neither the City of the Lafayette Mills, will run this season on account of the scarcity and indifference of the wheat crop.

The crops are looking well throughout the county, but we hear of a good deal of tobacco that suffered from freezing.

Mr. James T. Wood is taking the annual census of the Scholastic population of the 12th district, including the city.

Rev. Sam Jones is expected to visit Hopkinsville early in September. It is hoped that trains will be run so as to give the people of Clarksville a chance to hear the evangelist.

Dr. Rufus J. Peacock, of Jersey City, who was sentenced to two years' imprisonment for conspiring to defraud the Legion of Honor, has been pardoned.

One of the best known physicians of this city urges us to caution the people against drinking large quantities of ice-water during the hot weather.

The apple crop is pretty good this year and Mr. Henry Fresh has for sale a number of Cider Mills. Let's utilize all the fruit this year, either dry the apples or make them into cider.

Messrs. Kennedy & Glenn are excavating preparatory to building a one story brick business house on their lot on Franklin street, adjoining the Farmers and Merchants Bank.

There was a fine rain in the Port Royal neighborhood last Sunday and another in the same locality Wednesday afternoon. A slight shower fell in Clarksville Thursday morning.

A protracted meeting has been in progress at the Methodist church in New Providence two weeks, with much good to the church. About 15 persons have made professions of religion.

Work has been renewed on the new Methodist church, and it is earnestly hoped that all the subscribers who have not paid will do so at once, as the Building Committee desire to finish the church by fall.

Two negroes, named John Morgan and Bill Day, were bound over to court Monday for an assault made on another negro on a train on the L. & N. railroad Saturday afternoon. The former drew a pistol during the fight.

Gaiser & Son have a contract to build one hundred of Coster's Tobacco Curer Furnaces and we learn they will complete them by the last part of next week. The furnace is a good one and the work is being well done by the enterprising contractors.

Mr. J. M. Collier, as sheriff, will open and hold an election in the various precincts of the county, August 6th, for the purpose of electing one School Commissioner in each district. The people should not fail to attend and elect good men.

Mr. Robert M. Green, of Columbia, has been appointed deputy revenue collector for the 6th district, which embraces Giles, Houston, Lawrence, Lewis, Marion, Wayne, Perry, Hickman, Humphreys, Montgomery, Stewart and part of Hardin counties.

The steamer M. H. Cherry went down Wednesday and took on 100 bushels of tobacco from Kendrick, Pettus & Co. The J. H. Hillman also carried 65 bushels for the same firm on the same day. The Cherry leaves this trade for the summer with this trip, owing to low water. She will enter the Ohio river water.

The members of Keweenaw Chapel on the Southside began a series of weekly prayer-meetings in April. At each meeting they have had penitents and there have been several professions. Last Sunday there were fifteen penitents and thirteen conversions. A protracted meeting will commence there the 1st Sunday in August.

## The Third Section.

The contract to iron the third mile section of the L. A. & T. railroad has been awarded Messrs. McKee & Meritt, the former of Memphis and the latter of this city. They are both men of intense and reliable. The fact of their having taken the contract gives assurance that thirty miles of road will be in operation by August 18th. This will carry it to a point beyond Newstead, Ky. The completion of this last ten miles will make the road more than double the value to Clarksville that it has been heretofore. It will bring us into the center of the rich agricultural country the road was built to reach and which is too far to be accessible except by railroad. Clarksville merchants may prepare for a large increase in trade this Fall. The L. A. & T. road is sure to bring it.

A man named A. N. Coney "raised a breeze" on Strawberry Alley Monday afternoon while in a state of beastly intoxication. He first got into a fight with a negro in Jackson's saloon and then went out on the street. Shortly after he was in search of the man who had struck him. He asked Jackson, who was behind the counter, for a drink which Jackson declined to give him on account of his condition. He drew a pistol from his boot leg and as he fell back against a screen fired it. If he intended to shoot anybody he missed his mark considerably. The bullet went into the head of an empty tin barrel. Jackson wrenched the pistol from him and he ran out of the saloon. Jackson then called the police and they went to the alley towards the People's warehouse. Turning up Main street he fell and was captured by officer Holliman. He was tried before the Recorder Tuesday morning fined \$25 and bound over to court.

Another Hung Jury. The jury in the Ramsey Morrow case were charged late Saturday evening and being unable to agree, were discharged Monday. They stood at first seven for acquittal and five for conviction, but we understand that all but two were willing to acquit at the time of their discharge, but those two would not agree and said that they never would. A motion has been entered for a change of venue, on account of the great trouble in getting a jury, and for the reason that it seems almost impossible for any twelve men to agree upon hearing the evidence such having been the case with three juries within the past few months. The probability is that if the venue in these cases is changed that they will be sent to Stewart county, as that is more convenient for the witnesses and all parties than any adjacent county.

Bill Johnson, a negro who has looted about in the neighborhood of the Gerhart farm near this city for more than a year pursuing a career of livelihood, was brought before Squire Caldwell Tuesday, on a charge of vagrancy. The Squire fined him \$20 and costs, which he will have to work out. We understand that it has been determined to enforce the vagrant law very strictly, so the darkies and trifling white men with no visible means of support had better hunt a job if they would escape severe punishment. Capt. John Osborn's company of noble road workers.

The County Court clerk advertises in this issue several vacant lots opposite the court house and adjoining the Gracey warehouse, to be sold at public auction Saturday Aug. 22. Before the great fire of 1875 these lots were occupied by the old Central Hotel and would furnish one of the finest sites in the city for a new hotel building. When Clarksville grows to metropolitan importance across the street, from Main to Commerce, is going to be the principal thoroughfare of the city, and those lots will be centrally located, and the most desirable real estate in town.

Capt. Ben F. Egan, the ancient mariner, says: "The clerk of the Cairo and Paducah packet, Gus Fowler, recently shot, is an old-timer. He commenced his nautical career on the Minnetonka ('Tonky') as the boys lovingly called her in 1861—the year the war began. He was clerk of the grand old Armada when she ran between Paducah and Nashville. Poor Linah was always popular, and loved 'most by those who knew him best. Most generous, impulsive and brave, he was always the right man in the right place, except when shot down by a d—n drunken fool."

Commissioner McWhirter writes to the Assistant Commissioner, Robert Gates will make an address on agricultural subjects the first day of the Stock Show at the cave. Col. Gates has a wide reputation as an eloquent and entertaining speaker. He is an enthusiast on the subject of improved farming and has done a great deal towards inducing immigration to the State. There will be a big crowd at the Stock Show and Col. Gates is therefore assured of an audience. It would be superfluous that we ask that he be given attention. He will command attention.

The senior proprietor of this paper visited Mr. Sterling Ussery, last Sunday, who was mentioned in the paper last week as meeting with a very serious accident. He found him pretty badly hurt, his right leg having been broken diagonally above the knee, and being very bad to keep in position. He has too bad to keep on the head, but they were doing well, and he was, though suffering a good deal, getting on as well as could be expected under the circumstances.

A picnic came off Friday at Col. Gates' Grove. The Chronicle was favored with an invitation to be present and regrets that circumstances prevented any of its representatives from attending. We go to prove to early too give an account of the picnic but judging from those that have taken place in the same community in past years, and from the character of the gentlemen who were mentioned as managers, it was, no doubt, a delightful affair.

One of the most independent men in Clarksville is Mr. Sid Moore, the gunsmith. If there is a gun, an umbrella, a parasol, a sewing machine, a bicycle or anything to mend, Mr. Moore is the man to do it. His store and shop is on Franklin street in the A. R. Hall block. He keeps on hand a stock of guns, fishing tackle, etc.

## Clarksville Female Academy.

Having secured the services of Miss C. K. Moore, of Florida, a true Christian woman of rare culture, we confidently recommend her to the educating public as a successful teacher, thoroughly prepared to give instruction in Vocal and Instrumental Music, Modern Languages and Calculus. She was for several years in Germany and France, pursuing these branches, and since her return to the U. S., has taught them with marked success in the first schools of Memphis and Nashville. She has for two terms filled the Chair of German and French at Monticello, where she is now engaged. She teaches the languages after the Saurer method, as early languages, spoken by the respective nationalities. Of engaging address and unusual accomplishments, we cannot too highly recommend her, and we bespeak for her a liberal patronage. While the number of pupils in the Literary department is limited to twenty, the classes taught by Miss Moore will be open to all wishing to attend.

Terms: Vocal and Instrumental Music, each, \$5.00 per month; Languages, each, \$2.00 per month; Calculus, 50 cents per month. School opens Monday, August 31, 1885.

Mrs. E. G. Brown, Prin.

July 25, 1885-4w.

A young man named Robert Mallory was accidentally shot near the residence of Col. J. B. Killbrew in the eastern portion of this county Wednesday afternoon. He, in company with another young man from Nashville, named Calhoun, had started from Clarksville in a skiff down the river to Clarksville in a skiff. Col. Killbrew is young Mallory's guardian and when they got to a point opposite his residence, they landed to pay the family a visit. In leaving the skiff a small Remington rifle that lay in the bottom was accidentally discharged, the ball striking Mallory in the right side just under the ribs and coming out about two inches under the left arm. He is now in the late Dr. James H. Mallory of Robertson county and is about 17 years old. He has been at school at Winchester and was at home for the vacation.

Ram-on Morrow's bond has been fixed at six thousand dollars by Judge Tyler. Several of his friends came in Thursday and made it, except about a thousand dollars, which was made Friday morning just before we went to press. He has been confined in jail for over a year. His friends are confident that he will be acquitted at the next trial in November.

Dr. Bellamy's bond is fixed at ten thousand dollars, and an effort is being made to make it by Saturday. A young lady aged 18 years, the daughter of Mr. Gideon Alexander, who lives at Centerville in Hickman county, died of hydrophobia last week after suffering horrible agony with the dread disease for several days. She was very fond of dogs and had several pet dogs and cats, but none of her family knew anything of her ever having been bitten by a rabid animal, or bitten at all, in fact.

The streets of Clarksville are receiving probably the most thorough cleaning they ever had. The hands from the work house have been turned loose on them and they are being put in thorough good order. The sanitary inspector has been going the rounds seeing that all premises are in a proper condition. If the cholera should reach America this summer it would be no fifth to feed on in Clarksville.

Dr. W. A. Shelby advertises his residence on Franklin street in this city and a farm in Adams Co. Ky. The terms can be ascertained by calling on the doctor at C. D. & C. H. Bailey's furniture store. The residence is one of the most desirable situations in the city.

The Chronicle acknowledges its obligations to Mr. Eugene Dibble for a job of sulphur water brought to this county from Idaho Springs, Idaho. Mr. Dibble is hard to beat and we learn that Mrs. Dibble is keeping the hotel at the Springs this season in first-class style.

The Clarksville Ice Factory has done a land office business during the torrid weather of the past week. The thermometer was to make a shoed record occasionally to work the community up to a proper appreciation of such a blessing as an ice factory.

Keesee & Northington were not happy in accepting an agency for the Jellico Coal, but investigated thoroughly the merits of the different mines before they did accept, and now they are agents for the Main Mountain Coal, which is said to be the best. Try it.

Hon. James E. Bailey is quite ill at his residence in this city. As soon as his condition permits he will go to Hot Springs, where he will spend the remainder of the heated term.

Miss Mary Jane Crouch, daughter of the late Dr. J. S. Crouch, died at her home in this county, last Monday. The remains were interred at Bethel Church, with services by Rev. H. L. Burney.

This depth of demagoguery to which Boss Vertrees and his man Friday, C. E. M., will descend was never fully demonstrated until they got to non-keying with the negro vote.

There was a picnic and dance at the cave Wednesday. A number of people attended and had a good time.

Look for Keesee & Northington's special ad in this issue. It contains good news for you all. The pupils of the Christian Sunday School held their annual picnic at the cave Friday.

## PERSONAL.

Mr. A. R. Hall has been spending the past week at Hurricane Springs. Mrs. O. E. McReynolds left Wednesday morning for Lake Weir, Florida. Mrs. M. M. Smith of the Southside, is visiting the family of Mr. Dick near the city.

Miss Jennie Bratton of this city is spending a few weeks at South Union, Logan county, Ky.

Miss Mattie Higgins, of New Providence, is visiting Miss Patte Garrett, near Longview, Ky.

Miss Lena Organ will resume her school in Randolph town sometime in August.

Mr. A. G. Halliday of Stewart county was in the city the first of the week.

Miss Lillie Waller, of Christian co., Ky., is visiting Miss Marion Crabtree, in New Providence.

Mr. W. P. Rume and family left the first of the week for Lexington, Va., where they will spend several months.

Miss Jessie Settle, a charming young lady of Christian county, is visiting the Misses Hopson, of Canton, Ky.

J. W. Rudolph Esq., of Nashville has been spending the week at Idaho Springs.

Mr. Harvey Turney of Lake Weir, Fla., is on a visit to relatives and friends in the city and vicinity.

Mr. James Lyle at Collinsville, is seriously ill and is not expected to live but a short time.

Judge C. G. Smith and his son Wiley, left Friday morning to visit Judge Smith's father in Haywood county.

Mr. Ed. Pearce the accommodating operator of the Western Union Telegraph Co., has returned from his visit to Alabama.

Hon. D. N. Kennedy and wife, Miss Sally Bryan and Miss Sallie Owen, left for Hurricane Springs, Thursday morning.

Trenton Sittings: Mrs. C. W. Bailey, of Clarksville, Tenn., visited her sister Mrs. F. A. Sebree near this city this week. She formerly resided here and is a magnificent lady.

Mr. John S. Neblett left Monday night on a short visit to relatives in Haywood county. He was expected to return last night and bring Mrs. Neblett and Miss George, who have been gone about two weeks, with him.

Dr. D. F. Wright left Wednesday morning for Monticello, where he was to deliver a lecture Thursday on School Hygiene. We have no doubt but the Dr's lecture was very instructive.

Mr. C. G. Maner, the polite and accommodating conductor of the L. A. & T. R. R., left Tuesday evening for Atlanta, Ga., on a two weeks visit to his family. In the meantime, Mr. Willie Gordon will fill his place as conductor.

School at Adams Station—Further Particulars. The management has been most fortunate in securing a teacher of Music, Miss Laura A. Holland will teach piano, organ, guitar, and vocal music with Vocal Culture etc. Miss Holland is a graduate of Mt. Carroll, one of the leading music schools of America, and has continued her studies under eminent teachers, until her attainments are rarely equaled. She has reached a high degree of success as a teacher in Tennessee and Illinois.

Music teachers spend their vacations with her to take advanced lessons in Vocalization and Classical Music. The Faculty is now full. The thorough instruction, good discipline, moral community, healthy location, ease of access by rail, and low rates, will certainly bring a large school. Board per month \$9.00 to \$10.00; tuition \$2.00 to \$4.00; Music \$4.00. Term opens Sept. 7, 1885. Address, S. A. LIXE, A. M. Adams Station, Tenn., July 25-3w.

Massive Tribute of Respect. The following preamble and resolutions were adopted at a regular meeting of Frederica Lodge of Free and Accepted Masons, No. 227:

Resolved, That, in testimony of a noble constitution, lived out his allotted days to men, (three score and ten years). When young he gave himself to God in the bonds of an everlasting covenant and joined the M. E. Church. Possessed of a true and noble heart, he joined the Tennessee Conference and ministered for some years. Then because of bad health, he located and engaged in school teaching. In that calling he did a most noble work. He joined the Lodge and made a valuable member. He was an earnest and conscientious man, and careful not to engage in anything, his God did not approve. He ever approved the right and opposed the wrong. He loved the church, his family and his country. He was a devoted husband, a loving father, and a true friend. He was a man of God, and his life was a constant offering of praise to God. For some years he lived in almost constant expectation of death, feeling that, by God's grace he was ready, and that he anxiously waited the Lord's time. On the 4th of April, 1885, he peacefully and triumphantly died. He was strongly attached to the principles of the Lodge, and to setting them on foot. He left a widow, who doubtless patiently waited the time when they shall meet to part no more, and we Christians who will follow him as he followed his Saviour.

## HORACE H. LUTTON, President.

## FARMERS & MERCHANTS NATIONAL BANK

OF CLARKSVILLE, TENNESSEE.

AUTHORIZED CAPITAL, \$500,000. PAID UP CAPITAL, \$100,000.

In Our New Banking House, Corner Second and Franklin Streets.

Accounts of Farmers, Merchants, Corporations, Firms and Individuals solicited. We make Collections upon the most favorable terms upon any point in the United States, Canada, or in Foreign Countries. We deal in Domestic and Foreign Exchange and have telegraphic facilities for sending Sight Drafts upon London, France, Germany, and all other countries of Europe. The public is cordially invited to visit in our new quarters.

JOHN W. FAXON, Cashier.

Mr. William Jackson and Miss Laura Lever, both of this city, were married on the Southside, on Sunday last, by Esq. H. H. Mockbee.

The Sequachee Advance says the editor's daughter, Miss Laura E. Morrison, set the type for the entire inside of the paper last week—nine columns—besides distributing the type and setting up some job work. Now, boys, that young lady is worth looking after.
